Assessor Comments	A line of mixed age, vendor bred, Allendale blood Hereford cows from 3 to 6 years. Cows were joined from the 19/09/21 to 20/11/21 back to the Hereford bull. The vendor would usually retain these cows in the herd and grow out the steer calves to bullocks, but due to being surplus to requirement, they are being sold. Cows were easy to handle throughout the yards. I have no doubt that they will perform well for buyers looking for cattle that will be sound breeders and produce quality calves if given the right conditions.
