Assessor Comments

An outstanding opportunity to secure a magnificent line of vendor bred ****EU Accredited**** PTIC Angus cows. Cows are 7.5 yo and have had calves weaned at Christmas. They have proven to be sound breeders with calves weaned this year averaging over 380kgs. All cows are sound structurally and have had a tail removed to ensure feet and bags are sound for years to come. Cows are in excellent condition and will have exceptional calves this year. Cows are joined to sons of Millah Murrah Sires and show great bone and depth. Some cows mouthed had a worth or missing tooth however most have a sound mouth. All cows will be re pregnancy tested prior to delivery to guarantee a calf. An excellent opportunity to secure genuine breeder cattle.
