Assessor Comments	This group of Cattle represents a reduction sale for the Vendor who is reducing Female numbers, they are a preg tested group of females that represent the later calvers of an age group. Medium to Large frame quality young Females in forward to prime condition with frame and bone . Drafted from the heart of the Willalooka Herd that have stood vigorous classing over the years from Dick Whale. These Females have recovered well from the weaning of calves early November as young females this investment is worth managing in the lead up to calving. *Lead draft for frame of the White Tag Females
