Handled With	The heifers were a pleasure to handle. Exceptionally quiet and took instruction well Bikes , On foot		
Assessor Comments	An excellent run of Angus x Friesian PTIC heifers that are in perfect calving condition to go on and produce those scale topping milk vealers. Speckle bull in May 25th and Angus bull out August 17th The bulls were rotated as part of the normal property management They were purchased as Angus x Friesian however we feel there is a dash of Jersey in there which will be no disadvantage at all when looking for weight in calves
