Assessor Comments	Offering 570 Quality White Dorper Cross Wether Lambs. These lambs averaged 34.5kg live at assessment after a big curfew and being weaned the day before. The lambs are sired by quality Bellevue White Dorper rams and are showing great early growth and weight for age. These lambs would suit the backgrounder and have plenty of time to reach heavy slaughter weights given there current age. Please note the wether lambs were not tail docked at marking, 1 lamb was sighted with an undershot jaw and 3 with lightly weeping eyes.
