Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.		
Assessor Comments	On offer is a line of 2nd cross store lambs, August to October 2021 drop. The majority of these lambs are by Poll Dorset rams out of White Suffolk cross ewes, with a small percentage of first cross lambs by White Suffolk rams (see approx. breed break-up above). Majority of lambs are unshorn, however there are approx. 5 lambs which were shorn in November. These lambs are the third draft of 500 lambs on offer in this sale due to the property being sold. Also the top and 2nd draft on offer. Noted the odd lamb carrying either fresh or dried dags, 1 lamb with old flystrike scar and 1 lamb with scur/horn. Good opportunity to purchase a line of lambs to take advantage of the excellent season we are experiencing, ready to shear and fatten.
