Any Access To Rams or Stags? To vendor's best knowledge, this lot has had no access to rams or stags.

Assessor Comments 100 well bred first cross ewe lambs, June-July drop last year. Nice young breeders showing good length and weight for age. Averaging 40kg and Given the right circumstances I believe they would be right to join in the very near future. A tail has been drafted off. Ewes have been foot bathed due to overly wet season. They would usually be kept as breeders but are only being sold to make room for more Merinos. They perform well 🐏
