Assessor Comments	Annual sale of the Robertson BL/ Merino ewe lambs, representing the complete drop, with a 10% tail removed. These ewe lambs are extremely well grown for their age, being April/May '21 drop, averaging 63kg (50-79kg) in prime condition. Bred out of large frame Riverina / Northern Victoria bred ewes sired by Kegra SuperBorder Leicester rams, showing the true attributes of the 1X ewe. Please note; one ewe with old treated flystrike scar, not deemed detrimental. Excellent opportunity to buy a top line of ewes with everything done right.
