Assessor Comments	A nice tidy line of 1st x wether lambs ideally suited to supplementary feeding on to export weights. Very healthy lambs that would respond to feeding of any type, whether it be Lucerne, stubbles or grain. A tail of 60 lambs were taken out at assesment. There was a small percentage of dirty lambs that were dagged prior to assessment. Note 1 black lamb in mob. This is a line of vendor bred lambs that in my opinion will not dissappoint given half a chance. Intending purchasers can bid with confidence.
