Vendor Comments	First stage of Delkara sheep dispersal.		
Assessor Comments	The first stage of the dalkara sheep dispersal sale. An excellent line of spring drop merino wether lambs. Lambs will grow into excellent wool cutting sheep with the vendor having a focus on bright white, stylish wool. As mature sheep, they will grow into medium frame wethers with the flock cutting an average of 4.5kg and 16.5 micron. I believe these wethers would be a great addition to any wool producer, or fed on to target the trade weight lamb market.
