Assessor Comments	Quality line of 145 July/August drop Merino wether lambs that averaged 41.5kg at assessment. Lambs are predominantly Triggervale blood with a smaller percentage also being Kambah and Bundilla blood. These lambs are showing great growth for age, structure and are displaying a healthy and valuable jacket of wool that will provide an immediate return for the purchaser. Lambs have been running on improved pastures that have dried off and are on a trail fed ration of Barley that is keeping these lambs in fresh and forward condition for their breed. These lambs are performance bred and would suit a number of chosen operations, whether it be a wool growing program or to grow out to heavy kill wethers. Please note, Vendor is offering two lines of these wether lambs in this sale, with the tops and seconds making a line of 300.
