Assessor Comments	Offering a well bred draft of principally Poll Dorset sired store lambs. Lambs present in store to forward store condition, have had a 6-in-1 vaccination and copper, selenium & cobalt shots. They have been well weaned and represent the top 45% of the mob. The Brown lambs are typically finished to trade and heavy trade weight, but due to prevailing dry summer in the area this draft are being offered to market. Sired by the Shellal Poll Dorset rams, these lambs should push out to heavy trade and export lambs if shown the right conditions (NOTE: vendor offers a total of 775 lambs this sale over 2 lots, a neat B-double).
