Vendor Comments	Annual sell off of Merino Wether lambs .		
	Wrinkle Score Plain 90% Light 10%		
Assessor Comments	A neat line of vendor bred Merino Wether lambs that have been grain imprinted from birth and currently started on barley feeders as stubbles have run out. These wether lambs are double vaccinated, drenched, and grain trained onto self feeders. 10% tail was removed prior to assessment. Vendors have been on Moorundie Park Merino genetics for many years. Please note, odd few lamb in mob with cloudy/weepy eyes due to in/out of yards and very windy conditions not ideal for their eye health. Vendor also has another 171 store XBL Ave 42kgs in same sale.
