Assessor Comments	Very good quality small line of NSM maiden merino ewes with plenty of breeding behind them. They show good conformation and type and would be equally suited to a merino or terminal sire. Bred from a good quality Bundilla/Yarrowonga base flock they will mature into heavy cutting large frame ewes. These young ewes are bred from a high fertility flock and will continue to carry the same performance if given the opportunity. Vendor annually purchases in the top 50% of the Bundilla catalogue. 15% of ewes assessed carry some degree of water stain/colour band.
