Assessor Comments	A great opportunity to purchase a powerful line of proven young cross bred hogget ewes. These ewes were 100% SIL as lambs and weaned 110% lambs on the 7th December. They have recovered very well and have furnished up ready for joining to the Ram of your choice. They are open faced and clean pointed, showing length & muscling from the White Suffolk & Charollais breeds. Ewes with real grunt that will produce excellent high yielding lambs. Gudair Vaccinated.
