Assessor Comments	AAA Contracting is reluctantly selling these ewes due to loss of lease land. 2018 - 2020 drop ewes that are proven breeders (marked 134% lambs this season) These ewes were purchased from breeders around the Western District. All Composite sires of these rams are in the top 5% of the maternal index, while the White Suffolk sires were selected on eye muscle and shape. 3 Cashmore Oaklea rams have been running with these ewes since the 28th of December, and will be removed on day of delivery. The option to purchase these rams is available to the successful purchaser (price upon negotiation). With the job half done for you, these ewes present great opportunity to secure station mated sheep.
