Assessor Comments	Good quality line of 9 extremely quiet Angus steers. These steers are by Pert Angus Bulls out of big frame Angus Cows. These steers are in forward condition having been running on dried off rye grass and been daily handfed some cracked barley. These steers are doing very well and have been putting on av 1-2 kgs per day. They were quiet to handle in the yards and crush being handled regularly. Ideal steers to feed or grow out to bullocks. Good quality steers not to be missed.
