	Bikes					

Assessor Comments	An even line of excellent quality steers backed by years of high quality genetics. The Belmore herd has been using Injemira genetics for many years. These steers are from large framed, deep bodied cows that consistently produce excellent
-------------------	---

progeny. These steers show great weight for age, frame & type. They would be ideal to take on to feeder or export markets. These steers are also eligible for grass-fed programs as they are pasture reared. NB: 1 steer with a running eye was treated at assessment.

Assessor **Kenneth Miall (Level 1 Accredited)** Phone: 0427 135 974
