Assessor Comments	A line of 24 healthy Murray Grey friesian x heifers sired by Chantlan Murray Grey bulls. Heifers have been drenched with Flukazole and had their 7in1 booster shot in september. These heifers are well grown and showing plenty of shape for their age, and have never been with out nutritious feed and would continue to stack on the weight and could make the ideal F1 mothers. Please note the vendor is offering 2 other lots in this sale as well. Please Note; 3 heifers had grass seeds removed and treated for pinkeye, and there were some heifers with a small amount of ringworm.
