Assessor Comments A line of 6 vendor bred friesian steer weaners showing plenty of bone and growth to make excellent bullocks. The weaners present in forward condition and are ready to bounce away given the right feed. The weaners are bred from the vendors herd of 250 medium frame friesian cows. 1 steer has an infection on his inside leg which has been treated and is on the mend- The vendor is willing to leave this steer out or negotiate a lesser price. The vendor is offering another lot in this sale as well.
