They are true to type Angus cattle, out of a self replacing herd with over 20 years of rich genetics in there blood. The cow herd is Dunoon and Witherswood blood while the calves are by outstanding Riga Angus bulls. The quality is evident in the bone, type and shape off the steers. The animal husbandry shows in the shine of the coat and exceptional temperament of cattle at this young age. These steers are highly recommended for quality and temperament and will not disappoint in performance
