Assessor Comments	Warra Yadin, EU Accredited heifers . An extensive range of Poll Hereford genetics have been used from AI through to Warra Yadin blood bulls (details available on request). Would be an asset to any herd as replacement breeders or suitable to grow out for a feedlotter or could be finished for a kill jobs . Noted doing cattle that have always performed well for previous buyers on grass and grain. Please note there is three Angus Hereford X heifers that are black Blady and three red baldy heifers , the balance are straight poll hereford.
