Handled With	A little quick through the round yard but principally handled well in the race and weigh box with the odd one slightly nervous Bikes , On foot , Vehicles																								
Assessor Comments	A very well bred line of moderate framed young Heifers that present in strong store to forward condition with bone and substance. Well weaned and handled through yards with all vet treatments initiated. These Heifers present a grand opportunity to secure a one mark line of young Females bred out of large framed Angus Matrons. There were a couple of Heifers noted as having a white belly in the draft, with the vast percentage of the heifers yet to clean up from their winter coat This line represents half of a group of heifers weighed from 230 -275 kg and is the lighter weight draft of a large run of Vendor Bred Heifers classed off purely on their weight.
