Assessor Comments

Get onboard the Wagyu Train!! Although there is only a small number these EU Acc, F1 Females (except the 1 straight angus) they are in calf to very good genetic base Wagyu Bulls, which allows a small buy into the breed. Presenting in excellent condition and showing good temperament, frame with softness these F1 Wagyu females will deliver an F2 Waygu calf that will deliver a premium price!(Bull Bloodlines in the documents) The owner has also offered a guarantee buy back on the progeny if the purchaser wanted to go that way. The owner will also deliver cattle into Taroom to hook up with other trucks if that is what the purchaser wanted to do. **Please note there is one with a old injury dog bite on the shoulder which is not detrimental, but can be left out if buyer requests to do so. (Photo in the media) ** The Straight Angus Cow in the mob will obviously only have an F1 calf ** Please note there is also 31 PTIC D/M Cows from the same vendor in the sale (Not in calf to Wagyu though)
