Assessor Comments	A nice line of one brand Brangus heifers PTIC to Angus bulls presenting in fresh condition. Heifers are well grown and have been running on lighter country and should do well for potential buyer. Most heifers were PTIC over 4 months with only 5 under 4 months. Heifers were agitated in yard to handle but when given space worked well through yards. Vendor states heifers are very good handle in paddock with horses and dogs. A fair percentage of heifers did stir in crush at assessment but did settle in mob shortly after. **Please Note** 1 heifer has white speckle under neck and heifers have brown back. Vendor has another lot in the sale.
