Temperament	Yards	Crush	Paddock
	Quiet: 40 head Slightly Stirry: 4 head	Quiet: 37 head Slightly Stirry: 7 head	Temperament not assessed in Paddock
	Heifers were generally good to handle in the yards. There were a few that did react negatively in the crush, probably still have a vivid memory of when they were pregnancy tested the week prior. Nothing that could be assessed as stirry though.		
Handled With	Bikes		

Assessor Comments	A consignment of very good quality Angus heifers that are all PTIC to LBW Angus bulls for your competition. These heifers show very good volume, weight for age and a heap of eye appeal. Young breeders are always very hard to access and there are still many producers needing to replenish breeding herds from the 2019 drought. The cattle industry looks to be in great shape and could be for quite a while to come. These are an investment for the future and allow the successful purchaser an opportunity back into the Angus game on the top shelf. All the hard work has been done with breeding, weaning backgrounding and mating so just sit back and let them calve out now. Please note there are 88 of these in the line and they will be delivered into two even lots if purchased by multiple buyers. I did note a few with very light warts and also a needle lump but definitely no issues expected here. Also two heifers with only a very slight cloudy blue eye but hardly noticeable.
