Assessor Comments	Angus X Heifers. presenting in good condition and are on the do. heifers were purchased as young light weaners and have preformed well in current good seasonal conditions. Heifers have been broken in to electric fencing and are on a rotational grazing program . Moved to a fresh paddock every day, well handled in the paddock. A good line of heifers ideal to grow out and join to the bull of your choice , fatten on the crop or grow out to feeder heifers. Please note approx 4 heifers having blue/pink eye, treated at assessment. not detrimental
