This bull was a pleasure to handle right throughout the weighing, drafting and photography process. At no stage did the bull show any signs of agitation. Danson Family pride themselves on being very selective on temperament as they cull very hard.

| Assessor Comments | A commercial vendor Bred "Pibbon" Red Angus bull presenting in forward/store working condition that the Danson family selected for its quality genetics, quiet temperament & performance traits. This Bull has been used within the Pibbon herd on both heifers & cows. Its a regrettable sale but due to the management program focusing on the pharo cattle company curriculum it is surplus to requirement. Note: the bull shows old blue eye scarring in one eye which is deemed not detrimental. See photos for better description. This bull enables the intended purchaser an opportunity to buy great commercial genetics that could be utilised within any commercial herd. The Bull will be reserved at a bit over fat value. BUY WITH CONFIDENCE. |
