Assessor Comments	Lifetime traceable Angus heifers ex Abingdon Station, Nangus, NSW. Crawford, Bongongo and Ireland Angus blood. These heifers belong to the top of the drop heifers from Abingdon Station, no heifers were retained that year. Front paddock types, great length, width and depth of body, with volume and capacity. Plenty of breeding behind them. The heifers have had only one chance ever with bull. The sisters are to calve Autumn 2022. Due to bull break down and unforeseen circumstances the heifers tested empty in January 2022, no fault of theirs. Tremendous heifers that deserve a second chance. 3 heifers observed with old scarring in one eye only. Grass Fed and Antibiotic Free
