Assessor Comments	A nice line of young Angus cows providing well for their calves. Cows have been purchased in specifically as part of the 'Timor Cattle' heifer operation. Cows present in a store condition and have the ability, if given the chance to grow out into nice cows for the future. Calves are doing well and present a quick income in a short period. Some calves appeared to have a slight Wagyu influence noticed by a small horn. Cows have been running back to Angus and Hereford sires since calving. Please note (6) heifers noted with white under the belly, (2) Cow with a blue eye. (1) Cow were noted to have active pink eye. They were treated at assessment with Pink eye cream. (1) Cow was missing an eye.
