An excellent mob of station bred cows to handle. Were easy to work around yards. Absolutely no fuss through entire process

Handled With: Dogs , Horses , Vehicles

Assessor Comments	A nice tidy mob of Angus cows. Just the later calving cows out of larger line of cows being offered. Cows have been PTIC in calf to be 1.5 to 4 months pregnant at assessment. Very well handled and educated were a pleasure to work with. The station has been on Lawson and Paringa Angus bloodlines for some time and are in calf to same. Cows of a quality, type and temperament that you would be happy to drop into just about any breeding operation. Please note only two deck access to property.
