Assessor Comments	An even line of Angus rising 2 year old heifers, PTIC to the Coffin Creek Angus bulls. Vendor purchases bulls from the Coffin Creek Angus annual sale based on low birth weight figures. These heifers are showing good frame and condition and are due to calve June/July over 10 weeks. 1 heifer had a birth mark on side of flank, 2 heifers had white on belly and udder, 2 heifers with blue scar on eye but not detrimental. A great opportunity to purchase a line of heifers that would make ideal future breeders and are currently 4-5 months in calf. The vendor will offer 2 other lots of the same heifers to make up to 75 head. Note photos and video shows all 75 heifers.
