Assessor Comments	40 Angus cows with 40 large sappy calves at side rejoined and vet PTIC. Calves are NLIS tagged ,Males are cut. A change in program brings these matrons on to the market. These cows are an ideal turnover job as they are 3 in one units , the buyer can capitalize on this soft season. Cash flow positive from an immediate trade. Also a nice lot to increase female numbers. One calf-pinkeye- patched and treated at preg test, re retreaded at assessment recovering well should be fine at delivery.
