Cows are very well handled & educated cattle. Good cattle to handle.

Handled With
Bikes , Dogs , Horses , Vehicles

Assessor Comments
On offer is a quality line of EU accredited Angus PTIC cows on account of JA Crawford “Galimbang”. These Angus females are PTIC for a tight 3 weeks joining to commence calving mid-September to early October 2022. Cows are joined to high indexing Scotts & Old Man Creek Angus sires. These fertile & productive females had weaners weaned off two weeks ago and had done an excellent job raising their calves. The vendor has been using the highest quality Angus genetics available in their commercial herd with a focus on Birthweight, 600Day Weight, Marbling and Scrotal Circumference. The “Galimbang” cattle have a history of performing exceptionally well on feed and are highly sort after by repeat feedlot buyers. These females are classed in retained females with the original plan to be used within the “Galimbang” herd. Due to later calving, cows not suited to vendor’s program and are being offered to the market.Buyers Please Note: 3 cows noted with an old eye scarring in one eye only(Ref Photo)
