Vendor Bred: No
Vendor has owned stock for More than 12 months

Stock History: Majority of these cows are vendor bred cattle however there is a portion of these cows that have been purchased & retained in the Rosedale breeding operation.

Lifetime Traceable: Some cows were observed to have lost tags which will be replaced at delivery. Also there were cows noted to already having orange NLIS tags.

Bloodlines: Boss Indicus x infusion has only occurred from retained progeny that were bred from cows purchased in 2016. Vendor has strictly used Angus sires.

Grazing Conditions: Improved & natural pastures
Returned same

Burr/Seed in Coat: No Burr or Seed of weeds declared noxious observed in the coats at assessment

HGP Status: The owner declares that the cattle have not been treated with HGP at any period of their lives

Health Treatments: Drenched 14/09/2021 Cydectin pour on

Vendor Comments: Only selling our herd due to the sale of our property

Joining Details: Station Mated bulls put in: 20/07/2021 bulls taken out: 27/10/2021 (100 days)

Medium	10%

Temperament

Yards	Crush	Paddock
Quiet: 16 head Slightly Stirry: 2 head	Quiet: 15 head Slightly Stirry: 3 head	Temperament not assessed in Paddock

Cows mostly were a pleasure to handle through the yards. Two cows become slightly agitated while drafting & three cows become slightly agitated in the crush.

Handled With Bikes , On foot

Assessor Comments Acc. "Rosedale Nominees" 35 PTIC cows to be offered run out the gate (18 & 17). Property sold forcing herd dispersal. 2017 & 2018 Drop – 3rd & 4th Calvers. Cows were joined on 20/07/21 to the 27/10/21, to CC late April. Note calves have been weaned off cows a week prior to assessment thus reflecting the condition of the cows. These females are PTIC to Fernhill Angus bulls. Selection of bulls is a stringent process for the vendor with LBW, growth, structural confirmation & temperament all a key focus. In the past vendor had introduced Boss Indicus x Angus cattle into their breeding program meaning that there will be a percentage of these cows carrying Boss Indicus genes, this line has been drafted to phenotypically show strong Angus traits - Refer to media. Here arises an opportunity to secure a line of young future breeders with their lives ahead of them. Note 5hd had old pink eye scarring & of these 2hd had small scarring in both eyes. *Vendor offers another 4 lots in same sale*
