Assessor Comments

10 PTIC Cows acc. "Rosedale Nominees" - Property sold forcing herd dispersal. 2017, 2018 & 2019 Drop - Second, Third & Fourth Calvers. Cows were joined on the 20/07/21 to the 27/10/21, to CC late April. Please note calves have been weaned off cows a week prior to assessment thus reflecting the condition of the cows. These females have all been PTIC to Fernhill Angus bulls. Selection of bulls is a stringent process for the vendor with low birth weight, gestation, milk, growth, structural confirmation & temperament are all a key focus. In the past vendor has infused a small percentage Boss Indicus x breeders into their breeding program & these cows have been drafted out on type for demonstrating Boss Indicus characteristics - Refer to media. Perspective purchasers, here arises an opportunity to secure young future breeders in the prime of their life. *Vendor offers another 4 lots in same sale*
