	Well educated young females that were classed & retained for their temperament. Kind and inquisitive in the paddock. Sensible to handle in the yards and easy to work with only 1 handler in the back yards. All led up to the crush easy. Just a few showing a bit of anxiety in the crush, in their defence, they were Preg tested in the same yards 3 days earlier. These Heifers will go on and continue to improve with handling.		
Handled With	Bikes , On foot , Vehicles		

Assessor Comments	Beautiful soft bodied Heifers, Boasting 30 years of select Rennylea genetics in their pedigree. These are long, deep, maternal shaped females with very pretty, soft faces. Genuine tops of their drop and retained as the breeders, only offered for sale due to their cycle of pregnancy (Vendor runs a very tight joining). Giving a rare opportunity for a buyer to introduce some quality genetics to their herd. Sires are selected for high 400 day weight, moderate mature cow weight, low/moderate birth weight (always below 3.5) PTIC to Rennylea blood sires. Fetal aging predicted heifers were 30 days in calf at time of testing. 2 top class A.I bred females in lot by Rennylea L508. Vendor has another 2 lots in sale. Buyers Please note. 3 heifers presented with a white flank/udder. Please see photo's & video for full contentment.
