These heifers are great to handle through the yards.

Assessor Comments An outstanding opportunity to purchase Vendor bred High quality Angus females joined to Joe Grose Wagyu Bulls. These heifers are scanned in calf from 11 to 13 weeks. Very good cattle to handle and have a great history of progeny performance. The odd heifer has a small bit of white on the udder. One heifer noticed with a small amount of warts. The odd blue eye was noticed at assessment but not considered detrimental. 100 in the draft - sold in two lots of 50hd - run at the gate. Bull prefixes listed as an attachment. **VENDOR HAS MULTIPLE LOTS THIS SALE**
