Assessor Comments	On foot , Vehicles												
Assessor	Quality line for sappy Quarterway/Tamaroo blood weaned steers. Cattle were unweaned at time of assessment and currently have been transported to main property for weaning. These steers have plenty of cover and size and will grow quickly into heavier trade/export weights given the chance. Please note: one steer has white behind his pizzle. Cattle are NEVER EVER accredited and will be delivered to Powranna at vendors expense.
