Handled With	Very quiet well weaned and well handled calves. Bikes , On foot , Vehicles
Assessor Comments	JN & CL McIntosh offer and annual draft of friesland steers. These calves present in true store condition, being extremely well weaned and quiet, with most of the calves having to be pushed onto the scales. These calves are full of frame and will perform very well with the right feed and weather conditions. They would be ideal to turn out into paddock over the coming cooler months and reassess coming into spring. Please note: one calf did display healing pinkeye and was treated for the third time on the day of assessment.
