| Assessor Comments  | 26 Friesian steers. Steers have all been weaned, bucket reared and well handled. A great chance to purchase some background Friesian steers to grow out. 5 steers have old, small pinkeye scars.                                                                                                                                                                                             |
