Assessor Comments: These are our second draft of Angus steers. They are by top quality Temania bulls out of Allendale/ Days blood Poll

	Hereford cows. The temperament of these steers is very good due to them being handled regularly. All the hard work has been done with these steers. They have put on between 1 to 1.5 kg a day in the last 40 days. Show them some good feed and they will develop into heavy steers on grass or grain. A small tail has been removed. An odd steers has old pink eye scarring but there was no active pinkeye at assessment.
