	The Heifer calves were a little unsettled when they came into the yards. Blustery, thunderstorm conditions seemed to upset them somewhat. (The Angus and Charolais Steers had been yarded earlier in the morning and were quite calm in comparison to the Heifer). They settled down somewhat as we worked through the mob but some remained agitated. One calf was quite agitated in the yards but went through the crush ok.		
Handled With	Bikes , On foot		
Assessor Comments	A chance to buy a single deck of Narweena Charolais X Calves or top up a truck. The lighter calves, and most likely the later dropped in the mob. Perfectly healthy and will do like steam given any opportunity. An attractive line of young calves.
