Assessor Comments	This is an excellent line of young Angus Weaner steers for anyone to purchase. They are extremely quiet to handle and are very well bred. These steers are by the AI Sire Landfall Keystone, Weeran and Chiltern Park Bulls and out of good roomy Weeran Blood cows. Being only 6 months old these calves have been yard weaned on the 14th and 15th of January and will stay in the weaning yard until sale day. These steers will continue to go forward for the purchaser given the right feed requirements. If you are looking for quiet cattle to go into your paddock here they are.
