Quiet: 32 head

Quiet: 32 head

Paddock

Calves were extremely quiet throughout the entire handling.

Handled With

Bikes , On foot , Vehicles

Assessor Comments

An exceptional line of February/March '21 drop Angus heifers. These heifers were yard weaned in mid December, and have had all the health treatments to please any discerning buyer. Heifers have been bred from A.I sires targeting 600 day weight and Carcass traits. A pleasure to work with in the yards and holding pens, and given the opportunity they would suit a future breeder or grow into heifers for a trade or heavy kill job.
