Assessor Comments	92 Angus steers, very well bred cattle that have been drafted on weight and type and are between 310 kg to 360 kg to average 335 kg at assessment. Excellent line of steers to background further or grow out. These cattle present in predominately fat score 3 condition and have plenty of length, depth and shape where it counts. Teys Grassland
-------------------	---

Greenhams Never Ever and PCAS accredited. 20 cattle were mouthed which were mainly the heavier steers and found to be all milk, no guarantee given there could be an older steer in the line.
