	Typical Northern station bred cattle that flowed extremely well through the yards with minimal pressure needed, heifers have had plenty of experience up a race, including weaning, trucking, weighing and assessing. If they rush through the yards they can be blocked up very quickly. 10% did become agitated with in the crush but once back with the mob they calm almost instantly.					
Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , Dogs , Horses , On foot , Vehicles					
Assessor Comments	120 Brahman X Future Breeder No.0 Heifers, that have been running with Ultrablack and Brahman Bulls since the start of December. Heifers were a pleasure to handle, flowed very well through the yards. The cow herds are of a Brahman base but several breeds of bulls have been used over the years giving plenty of hybrid vigour. Heifers that would suit any breeding or trading operation or are ready to go onto feed to kill. Please note vendor has 78 Steers & 112 No1 Heifers in W & Y Sale. These heifers are a mix of 27% vendor bred and 73% purchased heifers, all from Northern Qld and have been running at "Rainmore" Alpha which is in clean country.
