Assessor Comments	Attention all cattleman and women today you have the rare opportunity to own yourself 10 high quality purebred Droughtmaster Cows. This is a regretful sale for the Vendor and only selling due to change in direction. All Cows have been station mated running with a registered Angus Bull since September 2021. These Cows were once registered as Stud Cows and can be again re-registered if desired once owned. The Bloodlines include but not limited to - Bryvonlea, Valeview, Billabong, Minlacowie, Glenlands, Angle Zed, and Wingfield. These Cows are in great condition, only 4 showing in store condition due to have weaners pulled off 3 weeks ago. Please note the cattle are located in a tick area and will require clearing prior to moving across the Tick free line at the buyers expense, however they have been done with a long active which should ensure any easy path through the Dip. Please also note that the vendor does have another lot in the Weaner / Yearling Sale.
