Assessor Comments	A draft of good Bos Indicus cross cows and calves. Majority are Brahman and Charbray X cows with plenty of frame and weight. The cows are not all age branded but are not old cows at all, they appear good in the head and have plenty left in them, are doing a very good job on the young angus and Santa cross calves at foot that a very fresh and sappy, calves are tagged but are unmarked. There are a 12 calves less but these cows could still calve so will be left in the mob. 3 cows were noted to have a hip off and 1 cow did have a small dog bite on its off side rump. There is still a good trade in these cows are will go on as breeders as well.
