| Assessor Comments     | 56 continuously joined crossbred cows with calves at foot. Cows are in store condition and are mixed age. There are there are some knocked hips (aprox 5 cows one has both hips down). There are also some cows with significant vaccine lumps. Please note; these cows were purchased as mixed pregnancy and were pregtested back in November with bulls being left in. There are some old tail tags left on from back at that preg test - They have not been re-tested. Some cows have calved since. Calves are predominantly black and fresh. They average approximately 165kg with quite a range in size. |                                                              |                                     |
